D-Introduction

Never? Had to be a vital idea. When I used to feed geese in the duck pen. Real people have real problems' that are less important than self criticism. That could be the last round, under the geese a fence never to free geese surrounding the duck, I could of been a duck in a pen in plain simple english, next what would become pools' that moved like ducks and geese in air and water a place called Tokyo. In honesty, japanese baseball long after that was not a joke. Dog fighting wasn't the name I called my mother in my heart. A chinese chow against a japanese sharpei. japanese baseball was not a joke to bother with. That's one tachyometer idea back, with geese, ducks and wind knots to resign ten year's all in all. Keep the dichotomy and trichotomy scripts no jury no names' twelve years accumulated. I'll get away with a lot to remember. The mistake was always my mistake. Similar to T-Rex, Hobbes; even Space Calvin defeating Cobra Kai and the King Cobra's.

E-Introduction

When young in name, amongst deciding on the best decision to read about names was never in name calling; that was the only reason. We held on to name calling. The primp and primer for the candant to vote and teach. With names. Even in name calling we took tests not much different from tests of calling names for incandescent. The combustion of names to injure feelings in names that relied so heavily on when last names were the only reason left we fell to sail ship stead mas full cruise and even overseas because I am old by this time with no need for more of this. Not many questions left in what is washed away so often in making wishes that I am held to believe in perfect harman kardon. Turns out T-Rex was facing linus lupus and corrupt in a poissant of posture. The call for valiant and valiant on the eve of rabbi's like can't believe very strange imitation to impress those beliefs. Only a few questions. . .
