When to call away. "Huh," "Meh" Is that what ever mattered. Hatsu, always have to go too. Clean Fight? "Take a test." 98 blood pressure 61 years heart rate 12,000.9 No one cared, only to know new and one. I stood by some teacher or some, teaching how to take pet food to geese. Try the invoices. "That is what stands still." No politics, no advertisements, no memory, had to draw no. I mean nah "Sorry."

## Chapter Two

Fuku ri tsu

TKO

That was the reason he only had to win in a round. 1 Round whatever is accepted only approach eventually. The postal service on Chamberlain Boulevard. "After the game I apologize." So other than a couple alright I am still, really teaching annoying as fuck. Then run like anyone else. How to hit harder? "On touch?" "Honestly." With expose? Sure! Too few. Street after street until you repeat. "Could you explain?" "My judgment?" Timing always measures timing yes you want, basically too forget that always you deny some problem. Too many "Talk until I'm not here." All the hell that unfolds in what I expect to live in systemic until I hide mugshots at school for some reason. Even judaism, just forget those you do to people. "Faux fur right?" "Try to do pfeifer."

## Chapter 3

Clean Fight?

2:01:00 PM Only what now? no. I hated every forgiveable mother fucker that does that never again shit in alot of fucking ways, "I know" that goes away to. Never really does honestly try numericals' like little numbers in grammar, vocabulary, composition; yeah sit until you are listening. Good game? Good...No comment. Drenched unmistakably. Worn out walking, again. I enjoy shopping too, oh yeah: more is less, like ducks' so the geese, ducks, any other names? "Negative negotiation," Bland decision about psychology. But, what about the other reasons' about jesus or zero or zodiac; maybe Tex. Next chapter, only a couple pages away. The repetitive fucking shit that comes anywhere near this mother fucker and I'm going to chop his mother fucking head off. What are those types of rituals that they teach in religion. Well ducks were at some point geese. I have no idealism. The parting of those without even alascttcity probably, this Spanish Inquisition shit they just expect for some fucking reason.

Mostly B D 2:00:12 vitamins not much about zero heart rate at 43 lbs.

## Chapter 4

Not long

No contact. erase what now? Have you tried a good complex? "Commentary analysis of what car engines do or some shit?" "Hope that works out for you." New nails from about six to twelve months ago. "The year long approach" is "Dumb," "Average tax collecting in my opinion" from the wrong direction like scanners' that only meant keep political. Itinerary, I could never remake highlights where I failed under any circumstance. So why chase away geese without a gi? 8 miles to go in 12,900 bpm type of yip, even blood pressure; sad story about those reenactments. Who's this? "HUH" Too old recently, "Guess?" All you have to ask tojo is the same problem...one brain one dead, sorry... one mind, stand on only one. "Mesmerizing in all day as long as needed. Slowly back to your own dumb answer idiot. Every fucking time. Sayonara.

## Chapter 5

Intent! Coffee never cooled or some noun on races' nuns too. Absolved and indescribable to about honesty of chop shops and comical I guess. The ki is even fine yip no NOUN. "Yet," too many too few. Right protest I hope that works out for the end approach which is bigger than all. I guess treat a lot in ways in part that I respect men that I've never met or lead in misconjecture. For too many years, but still no noun real as in really fucking real. That is electoral or some gerrymandering lobbyist incumbentant for more fucking politics. The mentioning, deciding, piloting, lessons, less in less.

101:00 PM Even after "hoping" "affiliation," I usually choose a side, never talked much about it; look at a few names. Mostly teachers' or a few songs then disregard. What misses in the middle? "A whole fucking shit load." Heard this won't pay much or by any mistake in an amount? In teaching was to survive...
